Remote Review Procedure

Remote reviews will continue through Fiscal Year 2021. In order to facilitate a successful completion of your review, we have developed an updated review procedure. Two of the 3 reviews will be announced/ 1 unannounced. A message will be sent through KidKare Message Center to schedule your announced review. It is your responsibility to check and read your messages and notification is documented when you open and read your messages. A phone review will be conducted during the approved meal time of your site. During the review you will be notified if any source documentation and/or updated license is required. Any requested info must be received by end of the review day to be considered complete and successful. If requested source docs are not received by end of review day, the Review will be unsuccessful and a 30 day follow-up review will be completed. If during this follow-up review the same issues are found with lacking proper source documentation, a serious deficiency will be deemed and same day meal entry will be required. A confirmation of each review will be required to be sent by every provider through KidKare Messaging.
